

“Good counsel
has no price.”

— Giuseppe Mazzini

March 17 – Federal COBRA: The Basics PLUS New Requirements Under the 2009 Economic Stimulus Package

In times of economic downturn and reductions in force, the basic federal COBRA rules can quickly take center stage. Does your group plan use all the DOL-required forms and notices? Is your COBRA administration team adequately documenting their processes to minimize your COBRA obligations? Have you begun to implement the new COBRA requirements imposed under the 2009 economic stimulus package?

This webinar will cover the basics of COBRA, including covered plans, covered employers, notice requirements, election timelines, length of COBRA coverage, termination of COBRA, and potential penalties. It also will cover COBRA best practices and how your group health plan can take steps to ensure its COBRA compliance.

This series is brought to you by your Member Firm of United Benefit Advisors – an association of nearly 140 premier independent benefit advisory firms and one of the nation's five largest employee benefits advisory organizations – and Fisher & Phillips LLP, attorneys at law, with nearly a half-century of practice in employment law and offices in 19 major cities in the U.S.
